

international organizations politics law pdf

International law is the set of rules generally regarded and accepted in relations between nations. It serves as a framework for the practice of stable and organized international relations. International law differs from state-based legal systems in that it is primarily applicable to countries rather than to private citizens.

This book offers a compelling view of the future of international legal reasoning and legal theory. It offers a critical analysis of the prescriptive norms and institutions of modern international law and argues that international law has the capacity to advance, in practice, the abstract social values shared by the community of states and persons.

Fairness in International Law and Institutions - Oxford

The book offers a systematic analysis of the interaction between international investment law, investment arbitration, and human rights, such as the role of national and international courts, investor-state arbitral tribunals and alternative jurisdictions, the risks of legal and jurisdictional fragmentation, the human rights

dimensions of ...

Human Rights in International Investment Law and Arbitration

An interest group (also called an advocacy group, lobbying group, pressure group, or special interest) is a group, however loosely or tightly organized, that is determined to encourage or prevent changes in public policy without trying to be elected.
